

Dedication: This is one of Basil Carver's poems. She is my fursona and will hopefully become a rescue ranger one day.

A Good Heart at Work

*To each moment that we live
A chance opens to better a life
For each moment we ignore that chance
One more life darkens*

*Not all people are the same
Some are good
Some are bad
But all are worth saving*

Will you help me rescue this world?

~Basil Carver aka LWKat~
